## Warrington Housing Association

For over 40 years Warrington Housing Association has been providing a broad range of affordable homes and services across the Borough and we are as passionate now as we have ever been about making Warrington a great place to live, in which the potential of individuals and communities can be realised.

Since 2007 we have been the managing agent of the Warrington Home Improvement Agency (WHiA), a not-for-profit service for older disabled and vulnerable residents in the town who wish to repair, improve and adapt their homes.

LifeTime joined the Association's family in 2013, an exciting network providing opportunities for older people in Warrington to connect, be active, health and to keep learning in a fun and fulfilling environment.

## Our Thematic Pillars

Our Board recently reaffirmed our commitment to our current vision and objectives alongside reviewing our strategic architecture. We now have five Thematic Pillars around which our business will prosper. These Pillars will be used throughout our organisation to help us articulate who we are and what we want to achieve. They will help us shape our strategies and policies based on the priorities set by our Board. Going forward, they will help us demonstrate the links between the *things* that we do, the *priorities* that we set and the *outcomes* we want to achieve.

To achieve sector leading performance across all key indicators.

To deliver and demonstrate social value across our whole range of activities.

To create a culture which empowers our people to realise their potential.

To prioritise the needs of people and put the creation of sustainable communities at the heart of our work.

To remain a significant local provider of housing and housing solutions in Warrington.

## Our People Strategy

Our People Strategy is designed to **help us to support a culture which empowers colleagues to realise their potential**. It is designed to help colleagues be the best that they can be at work and will be framed via four inter-related objectives:-

- Relationships – we will use coaching as a way to support a culture built on successful relationships with colleagues based on values and behaviours and, crucially built on trust.
- Reward and recognition – Our organisation will recognise and reward high performance to help us reinforce the most important outcomes that our people create for our business.
- Tools to deliver – We will ensure that WHA provides colleagues with a 21<sup>st</sup> century working environment and the right tools to do their job effectively, supporting the creation of one team and maximising the benefits of technology to support agile working;
- Safety first – We will continue to think beyond compliance in embedding a safety-first culture in all that we do.

## Flexible and Friendly

We believe the key to achieving our Vision is to recruit enthusiastic, highly talented people, and to provide them with a friendly, flexible and supportive working environment, which enables them to excel in their career and maintain a balanced home life.
