

Our Neighbourhood Strategy

Our Neighbourhood Service

Warrington Housing Association

INTRODUCTION

Warrington Housing Association has a proud history of providing a broad range of affordable homes and services across Warrington and we are as passionate now as we have ever been about making Warrington a great place to live, in which the potential of individuals and communities can be realised. We currently own and manage around 1,300 homes for families, older people and people with additional support needs, including leasehold and shared ownership properties.

PURPOSE

In line with our organisational vision, this strategy focuses on how we will work with our colleagues across WHA to ensure that we are delivering on our ambition to help make Warrington a great place to live, in which the potential of individuals and communities can be realised. This strategy identifies a clear mechanism for how we will measure the success of what we do and also outlines key considerations in terms of risks and regulatory requirements in respect of our neighbourhoods.

OUR THEMATIC PILLARS

Our Board recently reaffirmed our commitment to our current vision and objectives alongside reviewing our strategic architecture. We now have five Thematic Pillars around which our business will prosper – assets, neighbourhoods, social value, viability & people. These Pillars will be used throughout our organisation to help us articulate who we are and what we want to achieve. They will help us shape our strategies and policies based on the priorities set by our Board. Going forward, they will help us demonstrate the links between the things that we do, the priorities that we set and the outcomes we want to achieve.

OUR NEIGHBOURHOOD

Our Neighbourhood Strategy is designed to provide the framework for us to deliver on our ambition to prioritise the needs of people and put the creation of sustainable communities at the heart of our work. We will continue to work in partnership with Warrington Borough Council, Warrington & Co, Elected Members, The Gateway, other Registered Providers and local organisations and businesses to develop, co-ordinate and deliver services. As a key stakeholder we will continue to invest in homes, services and the wider community. We are currently active members of the following key partnerships – Warrington Strategic Housing & Homelessness Partnership, Housing Growth Partnership & Housing Practitioners Group, Central 6

We are also active members of the Community Housing Associations North West (CHANW) which represents community-based housing associations operating in the North West of England which aims to utilise our distinctive strengths in working together to support member associations to fulfil their individual goals and objectives, through working together, sharing best practice, intelligence & commissioning services.

The specific aims of this strategy are:

- Ensure we effectively manage and maintain our homes and estates
- Work in partnership with our customers to deliver the commitments of the NHF's Together with Tenants Charter
- Continue to support our customers in managing the impact of welfare changes as part of a wider anti-poverty agenda
- Support WBC to reduce Homelessness
- Better integration with our Retirement Living and LifeTime and WHiA services
- Contribute to promoting and fostering resilient, cohesive and inclusive communities

HOMELESSNESS

We have also signed up to the National Housing Federation's (NHF) Commitment to refer anyone at risk of homelessness and agreed a referral pathway with WBC so that we can work with the local authority to try and prevent and reduce homelessness.

CUSTOMER ENGAGEMENT

As a small local community based housing association we benefit from close relationships with our customers and as an early adopter of the NHF's Together with Tenants charter and plan we will continue to work closely with our customers to deliver on our commitments, to ensure customers have voice and we use customer feedback to shape and improve our services.

ESTATE SERVICES

WHA understands that the environment has a big part to play in how people feel about their area. We are responsible for the management of homes, communal areas and the wider environment to ensure that neighbourhoods are attractive, well maintained, safe and secure places to live and we have agreed service standards with our customers.
